Continental ContiTech Products Red-L enjoys ContiTech's "STAR" distributor status. We're a proud participant in the ContiTech Star program, and our compliance with those standards has been independently verified by Underwriters Laboratories Inc. (UL).

Dixon Red-L is Dixon's largest volume distributor in Canada. Air fittings, cam & groove, clamps, oil fittings, steam fittings, swivels, valves & water fittings. Dixon products serve a wide range of industries including fire protection, food, mobile tankers, mining, construction, chemical processing, petroleum, oilfields, refining, nuclear & manufacturing.

SPIR STAR® is the premier manufacturer of high-pressure thermoplastic hoses, with operating pressures ranging up to 46,000 psi (3,200 bar) and inner diameter sizes from 1/8-inch to 1-inch. Chemical resistant thermoplastic and steel wire reinforced hoses are superior in longevity and service compared to conventional rubber hoses. The hoses are used in the Waterblast, Oil and Gas, High-Pressure Hydraulics, and Automotive industries.

Ryco Hydraulics Ryco Hydraulics is a well proven, successful company specializing in the manufacture & supply of quality hydraulic hose, couplings, adapters & hydraulic accessories. All RYCO products are extensively tested in their Research and Development Centre & are manufactured under a Quality System conforming to AS/NZS ISO 9001. Each Hose Series has matching Coupling Series to ensure performance exceeding the requirements of the AS, BCS, BS, DIN, EN, ISO, JIS and SAE standards. Ryco's aim is Zero Defects.

Brennan Brennan fittings are manufactured to the highest quality standards, meeting or exceeding J.I.C./S.A.E. and international specifications. The design and durability of each fitting assures long-lasting service, even in corrosive and abusive environments.

Chevron A Chevron core belief is that technical excellence is fundamental to quality and reliability, and is the direct result of R&D and innovation. Chevron has been at the forefront of innovation for decades, helping the base oils industry leap forward to new performance thresholds, while providing our customers the most advanced technologies available to meet current and impending specifications. The complete Chevron lubricant product line is available from Red-L.

Bowie Pumps Bowie Pumps of Canada Ltd. is Canada's leading manufacturer of rotary gear pumps. Their durable, high volume output pumps are the trusted choice for handling a full spectrum of fluids: fresh and produced water, crude oil & condensate, chemicals & solvents, acids, drilling & frac fluids and more. Pump Series include: **Signature, Eco-Seal, Dura-Seal, Ultra-Seal and XP.**

SureWerx brings an unprecedented, single source portfolio of brands serving the professional tool, equipment, shop and safety product markets. Brands include: JET Equipment & Tools, STRONGARM, STARTECH, SELLSTROM, ITC, PIONEER, PEAKWORKS & RANPRO.

Baldwin Filters is committed to manufacturing the best products and services in the filter marketplace. It's a commitment based on continued engineering of production facilities, ongoing training of employees, and refinement of already sophisticated research operations.

Ultra Clean Hose cleaning program and systems. 80% of hydraulic system failures occur because of contamination. We can clean all of your hoses.

Hannay Hose Reels Thousands of standard hose reel and cable reel models, plus unmatched custom design and manufacturing capabilities, Hannay is the leader in OEM, industrial & commercial applications.

InfoChip utilizes a combination of RFID chips, handheld computer RFID readers and an online database application for scheduling, reporting and alerting you of upcoming or missed inspections. Individual cranes, slings, vehicles, hoses or other equipment are identified and tracked by attaching a durable RFID chip.

We are confident we will meet your expectations as we incessantly endeavor to exceed them. ~ Red-L Distributors Ltd.
